

Physics Open House for Prospective Majors/Concentrators

Thursday, February 22nd, 2024

6:00 – 7:00 pm

800 Pupin (Center for Theoretical Physics)

You are invited to an Open House to learn about the Physics Major and Concentration and related majors. Talk with the Department faculty, meet current physics and related majors, learn about research opportunities in the Physics Department and possible career paths with a physics (or related) major.

All are welcome, in particular sophomores who will be declaring their majors in the coming weeks. Pizza and light refreshments will be served. The Open House will be followed at 7pm by the weekly meeting of the Society of Physics Students (SPS), with a talk by current physics major Ceaser Stringfield on his work on dark matter detectors – all welcome!
